

Appl. No. 10/773,862 _Reply to Office action of August 28, 2006

Supplementary Drawings:

Following are attached two (2) NEW sheets of drawings including Figs. 15, 16, 17 and 18

REMARKS/ARGUMENTS

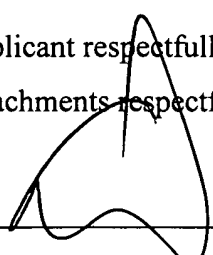

In the specification, several paragraphs have been preliminarily amended to better describe and relate the invention to the provisional application disclosure and better describe the matter in relation to the current structure of claims. New paragraphs have been added and others deleted for the same purpose.

Supplementary new sheets of drawings including new figures 15, 16, 17 and 18 have been attached.

All prior claims have been cancelled and a new set have been drafted replacing the prior ones, citing part of the matter in dependent form as to make it compliant with the examiner's unity restriction requirement in this way electing only group I.

The inventor elects likewise to retain the right to pursue divisional or continuation in part applications based on unclaimed matter originally disclosed but not included in this application.

Applicant respectfully requests that a timely Notice of Allowance be issued in this case.
Attachments respectfully submitted,
